Mixed Up

Autor: Ad van der Schagt

Ziel ist es, die 7 Puzzleteile aus der Box zu befreien und dann wieder so hineinzusetzen, dass kein Puzzleteil aus den Öffnungen hervorsteht.

Es sieht einfach aus, aber 13 Schritte sind erforderlich um das erste Puzzleteil aus der Box zu befreien.

The aim is to free the 7 pieces from the box and to lay them in again, in a way that no token sticks out the openings. It looks easy to solve, but 13 steps have to be done to remove the first piece from the puzzle.

Le but est de libérer les 7 pièces puis de les replacer dans la boîte sans qu'aucune pièces ne se trouve entièrement devant les ouvertures.

Il a l'air simple, mais 13 étapes sont nécessaires afin de libérer la pièce du puzzle, premier sorti de la boîte.
